

THE ULTIMATE  
BEATLES  
ENCYCLOPEDIA

Bill Harry

1993  
EDITION OLMS ZÜRICH

'BILL HARRY KNOWS MORE ABOUT THE BEATLES  
THAN THE BEATLES KNOW THEMSELVES'

MIKE READ

*The Ultimate Beatles Encyclopedia* is the most comprehensive book on the Fab Four ever produced. With over 1500 entries and 300 rare and unseen photos, this A-Z of Beatledom will clarify any query, settle any argument, inform and entertain. Every detail of the Beatles' amazing careers is here: every record released, every song written, every gig played ...

But *The Ultimate Beatles Encyclopedia* is much more than a reference book. Biographies of over 500 people associated with the group reveal stories of love affairs, drugs, court cases and internal disputes. Myths are shattered on touring days, early girlfriends and rock rivalries, and the record put straight on the deaths of Brian Epstein and Stuart Sutcliffe. No date is omitted, no crucial figure is overlooked, no incident left out. From the Abbey Road studios to the Zodiac club, *The Ultimate Beatles Encyclopedia* has them all – everything you ever wanted to know about the world's greatest band.

BILL HARRY is the world's leading authority on the Beatles. He attended the Liverpool College of Art with John Lennon, and founded the seminal music paper *Mersey Beat* which helped launch the band in the early sixties. He is the author of a number of books on the *Beatles*, including *Beatlemania*, *The McCartney File*, *Sergeant Pepper's Lonely Hearts Club Band* and *The Book of Lennon*. The book is drawn from his own massive archive, spanning over thirty years, and contains many exclusive photos and clippings.
