The Strategic Managing of Human Resources

John Leopold, Lynette Harris & Tony Watson
PART I Managing strategic human resourcing in a complex and uncertain organisational, social and economic context

Chapter 1 Organisations, strategies and human resourcing
Tony Watson

Learning outcomes 6
Human resourcing from the Stone Age to the twenty-first century 7
  The nature of human resources 1
  Human resources in modern industrial capitalist societies 9
Human resources, people and work organisations 11
  The impossibility of 'managing people' 11
  Work organisations as negotiated orders 14
Managing organisations strategically 15
  Strategies as patterns that emerge over time 15
  Strategy-making in practice 17
Managing HR strategically 21
  The nature of human resource strategies 21
  Human resourcing as essentially strategic 23
  HR strategy as mistress and servant of corporate strategy 23
Choices and circumstances in the shaping of HR strategies 25
Chapter 2 Managing uncertainty or managing uncertainly?

Colin Bryson and Luchien Karsten

Learning outcomes 34
Introduction 34
Conceptualising flexibility 36
Factors promoting a different approach in human resourcing 40
A working definition of flexible employment and managing uncertainty 43
Functional flexibility - multi-skilling 46
Facilitating factors promoting functional flexibility 48
Barriers against functional flexibility (from Clark, 1993) 48
Advantages and disadvantages of functional flexibility 48
Overview 48
Numerical flexibility - fixed-term contracts 49
Facilitating factors promoting use of fixed-term contracts 50
Barriers against use of fixed-term contracts 50
Advantages and disadvantages of fixed-term contracts 51
Overview 51
Numerical flexibility - redundancy 51
Facilitating factors promoting the use of redundancy 52
Barriers against the use of redundancy 52
Advantages and disadvantages of redundancy 52
Overview 52
Temporal flexibility - part-time/variable time 53
Facilitating factors promoting the use of part-time/variable time working 54
Barriers against the use of part-time/variable working 55
Advantages and disadvantages of part-time/variable working 55
Overview 55
Temporal flexibility - overtime 55
Facilitating factors promoting the use of overtime 56
Barriers against the use of overtime 56
Advantages and disadvantages of overtime 56
Overview 57
Implications and outcomes of different approaches to managing uncertainty 58
Conclusion 62
Summary 63
Chapter 3  Employment law and human resourcing strategies
Lynette Harris

Learning outcomes
Law and employment strategies
   Why regulate?
   Regulation and approaches to human resourcing
The changing legal framework
   Minimal intervention
   The era of the social contract
   The market rules
   New rights and the impact of the EU
A more litigious workforce?
Organisational responses
   Internal expertise
   Increasing line management's responsibilities
   Increased proceduralisation
   Developing line management capability
   Regulation and the employment relationship
Conclusion
Summary
Discussion questions
Further reading

Chapter 4  Ethics and strategic human resourcing
Diannah Lowry

Learning outcomes
Introduction
Ethical issues associated with strategic human resourcing
   Ethics and performance management
   Ethics and reward
   Ethics and quality
   Ethics and long working hours
   Ethics and 'flexible' labour
   Ethics and downsizing
The HR manager and ethics
Ethical traditions
   Normative ethical theories
      Traditional normative ethical frameworks
   Non-consequentialist theories
      Duty-based ethics
## Contents

- justice-based ethics .......................................................... 101
- Consequentialist theories .................................................. 102
- Egoism ............................................................................ 102
- Utilitarianism ................................................................... 103
- Critique of traditional ethical theories ................................. 104
- Contemporary ethical theories .......................................... 105
  - Ethics of virtue ................................................................. 105
  - Discourse ethics ............................................................. 106
  - Ethics of care .................................................................. 106
- Descriptive ethical theory ................................................... 107
- Moral development, moral awareness and ethical decision-making .................................................. 107
- Summary .......................................................................... 109
- Discussion questions ......................................................... 110
- Further reading ................................................................ 110

**PART II  Human resourcing policies in practice**

### Chapter 5  From equal opportunities to diversity management

Carley Foster and Lynette Harris

- Learning outcomes .......................................................... 116
- Introduction ....................................................................... 116
- From equal opportunities to managing diversity .......... 117
- What is managing diversity? ........................................... 119
- The business case for diversity ........................................ 121
- Sameness or difference to achieve equality? ................. 124
- Anti-discrimination legislation and approaches to workplace equality .................................................. 126
- Implementing equality and diversity ................................ 129
  - The impact of regulation .................................................. 130
  - Managerial capability ..................................................... 132
  - HR policies and procedures ............................................ 133
  - Organisational factors ................................................... 134
  - Future challenges .......................................................... 136
- Conclusion ........................................................................ 137
- Summary .......................................................................... 138
- Discussion questions ......................................................... 138
- Further reading ................................................................ 139

### Chapter 6  Assessment, selection and evaluation

Sue Newell

- Learning outcomes .......................................................... 140
- Introduction ....................................................................... 140
- Two perspectives on selection .......................................... 141
Chapter 7  Performance management and performing management

Colin Fisher

Learning outcomes  178
Introduction  178
Performance management as managerial folklore  179
The uses and abuses of performance management  182
Clarifying and publishing objectives  184
Performance measurement  186
Identifying appropriate measures  186
The complexities of performance measurement  187
The balanced scorecard and a stakeholder approach to performance measurement  189
Approaches to performance measurement  190
Target-setting  191
Targets and motivation  192
The skills of target-setting  192
Target-setting and management control  194
## Chapter 10 Human resourcing in international organisations

**Dave Doughty and David Walsh**

PART III Managing change and developing capability

Chapter 11 Knowledge organisations, strategies and human resourcing
Carole Tansley

Learning outcomes
Can knowledge be 'managed'? 324
The discourse of knowledge management
The knowledge economy 326
Knowledge work and knowledge workers 327
The nature and processes of knowledge
Personal or tacit knowledge 331
Explicit knowledge
The codification and storage of knowledge 332
The tacit/explicit relationship 333
Organisational knowledge
What is organisational knowledge? 335
Knowledge management and HR practice in organisations 336
Knowledge management and technology 339
HR information systems 339
Integrating HRIS with an Enterprise Resource Planning system 340
A relational perspective on knowledge 344
Four innovation stages of an HR ERP project - a knowledge-based analysis 345
Stage 1: Agenda formation 345
Stage 2: Design 345
Communities of practice 346
Human resourcing features of HR communities of practice 346
The politics of teamwork - team 'destroyers' 347
Stage 3: Implementation 348
Stage 4: Appropriation 348
Legitimate peripheral participation 349
Summary 349
Discussion questions 350
Further reading 350

Chapter 12 Managing processes of human resource development
Jan Myers and Susan Kirk

Learning outcomes 351
HRD in context 351
HRD as a strategic intervention 358
Tensions between control and development 363
Approaches to development processes 365
Managing learning opportunities 370
Changing role of HR practitioners and managers 376
Conclusion 377
### Chapter 13  Developing managers and managerial capacities

**Jim Stewart**

</tbody>
</table>
Chapter 15  Employee participation, involvement and communications
John Leopold

Learning outcomes
Industrial democracy, employee participation and employee involvement
  Waves or cycles?
  Representative participation
Employee representation on health and safety
European comparators
  European practice
Employee involvement
  Downward communication
  Upward problem-solving
  Quality circles and total quality management
Task participation
  The restructuring of jobs
  Teamworking
Financial involvement
  Impact of financial involvement
Conclusion
Summary
Discussion questions
Further reading

Chapter 16  Managing consulting and consultancy relationships
Diannah Lowry and Pam Stevens

Learning outcomes
Introduction
The nature of exchange in the consultancy relationship
  Strategic perspectives of consultancy
  Structural perspectives of consultancy
  Integration of the strategic and structural perspectives
Models of managing consulting and the consultancy relationship
Ethical issues in managing consulting and the consultancy relationship
Summary
Discussion questions
Further reading

Final thoughts
